Religion: Scientific fact vs. blind Faith (For Atheists, Agnostics, and those with an open Mind) Roland Langley

“CAUTION”... IN RESPECT FOR YOUR PERSONAL BELIEFS; WE MUST WARN YOU THAT IF YOU ARE SENSITIVE ABOUT YOUR RELIGIOUS CONVICTIONS, PERHAPS THIS READ IS NOT FOR YOU.

There are disturbing secrets revealed of which Church leaders rather not talk about. Archaeology—and Radio Carbon 14 dating—contradict Biblical Chronology. Scholars likewise conclude, that no original documents of any of the apostles were ever found. Moreover, what they do have in their possession—could never have been written by any one of them. Discoveries that seriously weaken the credibility of these once revered documents—and much more—are revealed within the content, of this very interesting and well-researched informative eye-opener.

The notion of a Deity; powerful enough to create an incredibly immense, infinitely violent universe—just to monitor the inhabitants of one small pale blue dot of a planet, in the midst of it all—is absolutely ridiculous.

Is it possible to contend, THAT A GOD DOES NOT EXIST, and at the same time imply, THAT A GOD COULD EXIST? You may be surprised at the conclusion. It is well worth a few hours of your time.

SETTLING FOR NOTHING LESS THAN THE TRUTH, IS THE BEST WAY TO FRAME YOUR BELIEFS.

Note: The Author has chosen to publish this book in an easy to read color format.
