Untrue things are rumored of May Rose, but it's true she's too pretty for her own good. Her husband has disappeared, and now she's on her own in a rough town ruled by one of the lumber companies logging the last of West Virginia's virgin forest. The year is 1899, and a woman alone has few options.

With no resources but a litter of pigs and the attachment of an untamed girl, May Rose must find a way to survive with respect. She must also save the girl who sleeps with a doll clutched tight and a knife under her pillow.
