Being Human C. Nielson Taylor

Being Human is the tale of a child swept from sure death in infancy by a California Condor, raised by animal mentors and reintroduced to “civilization” as an adolescent. Deeply wise and engrossing, it takes us back to our earthy roots where we are witness to a very different perspective of what it means to be civilized. The first edition of this new wildlife-human adventure series chronicles a hero's journey from humble beginnings as an orphaned child, to a life of learning and adventure in today's society. This series is bound to become a best seller for teens and young adults.
