The case of Eduard "Billy" Meier has gained worldwide attention for his claims of being in "on-going contact" with aliens from the star cluster known as the Pleiades. Purported to be the most documented UFO account of all time, Meier's files consist of 1,000 photographs and 12 motion picture films of the visiting spacecraft. Through thousands of pages of "contact notes," Meier claims to have "passed on" the wisdom and advanced technical knowledge from his conversations with these aliens, designed to help guide our evolution. In addition, he alleges that 40 independent eyewitnesses have also seen the alien ships and observed Meier's contacts with them. The aliens also "left" numerous "landing tracks" in the ground, and gave Meier various rock, metal, mineral, and crystal samples as "proof" of their visitations.

Author Kal Korff conducted the most thorough examination ever into the case of Billy Meier and all its alleged evidence, and reveals here how a Swiss farmer hatched and continues to maintain the most elaborate UFO hoax in history.
