Air Force One: A History of the Presidents and Their Planes

Kenneth T. Walsh

Air Force One: A History of the Presidents and Their Planes Kenneth T. Walsh

From the award-winning chief White House correspondent for *U.S. News & World Report* comes the definitive history of Air Force One.

From FDR's prop-driven Pan Am to the glimmering blue and white jumbo 747 on which George W. Bush travels, the president's plane has captured the public's awe and imagination, and is recognized around the world as a symbol of American power. In this unique book, Kenneth Walsh looks at the decisions that our last 12 presidents made on the plane; the personality traits and peccadilloes they revealed when their guard was down; and the way they each established a distinctive mood aboard that was a reflection of their times, as well as their individual personalities.

Based on interviews with four living presidents, scores of past and present White House officials, and staff and crew members of Air Force One, Walsh's book reveals countless fascinating stories of life aboard the "flying White House." It also features descriptions of the food, the decor, the bedrooms, the medical clinic, and much more--as well as remarkable photos of the planes (inside and out) and the presidents.

From reader reviews:

Mary Tillman:

What do you concentrate on book? It is just for students since they're still students or it for all people in the world, the particular best subject for that? Simply you can be answered for that issue above. Every person has several personality and hobby for every other. Don't to be forced someone or something that they don't wish do that. You must know how great along with important the book Air Force One: A History of the Presidents and Their Planes. All type of book are you able to see on many options. You can look for the internet options or other social media.

Robert Qualls:

Reading a book being new life style in this year; every people loves to go through a book. When you learn a book you can get a lots of benefit. When you read textbooks, you can improve your knowledge, because book has a lot of information on it. The information that you will get depend on what forms of book that you have read. In order to get information about your analysis, you can read education books, but if you want to entertain yourself you are able to a fiction books, this sort of us novel, comics, and also soon. The Air Force One: A History of the Presidents and Their Planes will give you new experience in reading a book.

Candy Dixon:

As a pupil exactly feel bored in order to reading. If their teacher asked them to go to the library as well as to make summary for some publication, they are complained. Just minor students that has reading's spirit or real their leisure activity. They just do what the trainer want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that reading is not important, boring as well as can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Air Force One: A History of the Presidents and Their Planes can make you feel more interested to read.

Maritza Kress:

A number of people said that they feel uninterested when they reading a reserve. They are directly felt this when they get a half portions of the book. You can choose the particular book Air Force One: A History of the Presidents and Their Planes to make your reading is interesting. Your own skill of reading talent is developing when you just like reading. Try to choose simple book to make you enjoy to study it and mingle the impression about book and reading through especially. It is to be 1st opinion for you to like to open a book and read it. Beside that the guide Air Force One: A History of the Presidents and Their Planes can to be your brand new friend when you're experience alone and confuse in doing what must you're doing of the time.
