You've been fed a pack of lies.

You see, I see so many "experts" or "gurus" out there whose advice is to women is to basically play games and manipulate a man to get them to commit to them.

Aside from the ethical implications of game playing with someone, these "tactics" don't work. Pretending to dump him, making him jealous, not calling him ever, holding out on sex is only going to drive him into the arms of someone who isn't going to act like a crazy "bitch".

Perhaps you've read the advice of these so called "guru's" before and tried them on a guy that you were dating with disastrous results. I read and hear these stories all the time – for the vast majority of men these tactics the "experts" spout will just make them feel horrible and not want to be around you.

Does this sound familiar to you?

"next guy I met - I REALLY LIKED. We hit it off right off the bat, had awesome chemistry, were instant friends and getting along fine... UNTILLLL I started doing the dumb shit this book told me to do. INSTANTLY within a day of making me sound like all the dudes are after me he stopped talking to me. He had texted me EVERY day up until I did this... and then suddenly he was "busy" all the time and flaking on me."

The average guy is just as insecure as you are – making him jealous is more likely than not going to cause him to think you don't like him as much as he likes you and dump you before you do it to him.

These "rules" and "tactics" create a combative environment, a "you versus him" environment which is not really what you want your relationship to be.

Instead you need to be focusing on 5 simple, easy to implement steps that will transform you into a woman that he cannot resist and can't help but want to be your boyfriend.

In this simple 24 page guide you will learn exactly what men want and how to give it to them without tricks or manipulation OR by doing things you don't want to do.

In this guide you are going to learn:

- What men really find sexy and irresistible in a woman. The answer will shock you and no it isn't what Cosmo has been telling you
- The real truth behind having a "great personality" and how you can use your own natural personality to become irresistible to your idea man

- What men really want in bed and how you can make him addicted to you by giving him what he wants AND getting the sex you want too
- Why the "put out vs hold out" debate is a waste of time and why he will either stay with you or leave you regardless of which one you do
- Why you are looking for love in all the wrong places
- The most common mistakes that most women make with men and how you can avoid them (and set yourself apart from the other women vying for your man's attention)
- And much more.....

So, who am I to be teaching you this?

Well, I have what I guess can be described as the "dubious honor" of having gone from being a man without any luck with women to a player and then into a committed relationship with a wonderful woman (which I am still in to this day).

I've experienced a man's perspective from all angles, so whether the guy you are interested in being in a relationship with is just an "average" guy or a "player" with many options, I can show you how you can get him to happily commit to you without you having to resort to trickery and games.
