Over 90 Garage Plans and Do-It-Yourself Manual is a unique guide that concentrates on the process of building rather than designing. Certainly all the elements of design and proper plan detailing are considered, but this is foremost a book that graphically demonstrates the latest in construction techniques. Each step of the construction process is illustrated in detail. Several design alternatives are presented for your consideration. You will understand the construction terminology used in this book as you progress. A Glossary is provided on pages 8-9 to explain unfamiliar terms. Study the cutaway drawings and captions shown to help you envision your project.
