This second volume is a compendium of video game synopses as well as a feast for the eyes with literally thousands of vivid, high-resolution screen shots; it provides a comprehensive visual tour through the world of PC and video gaming. Sorted by genre, more than 100 of the latest, most exciting software titles are reviewed with information of interest to players, parents, and industry professionals. Each game is featured in a two-page spread that includes detailed game summaries, analysis, and strategies; nine in-game screen shots; lists of games with similar skill and strategy requirements; appropriate age range; notes ESRB content ratings; complete technological specifications; and more. Feature stories are included throughout the book, covering game-related topics such as multiplayer online gaming, games in movies, and the future of gaming. The book also includes useful reference tools such as an illustrated glossary, an overview of game publishers, and information on current hardware platforms such as Sony's new PS3, Nintendo's Wii, and handheld systems, including the Nintendo DS and Sony PSP.
