This new book provides 3 levels of understanding about the Mysteries of the Tarot World. The first level is for those who simply want to know how to read the tarot cards from the first spread, and nothing else. Kristy, Brisbane Australia (aged 25) I found that learning to read my cards from the book was straightforward and simple. It took me just a short time to read my cards. I felt that this was the best and easiest reading that I did on myself. It wasn't confusing. The second level is for those who wish to learn to see clairvoyantly, channel and communicate with the Ascended Masters and their Archangels. Geraldine, Brisbane 2007 I found this book very user friendly, it is clear and easy to read and it contains really comprehensive definitions of the Major and Minor Arcana, and the reference to other card placements. I now use Rozália's book to aid all my readings which seem to have grown deeper and more edifying. I feel this book would be invaluable for anyone wanting to get a deeper understanding and grounding in tarot reading. And the third level is for those who wish to channel; Past Lives – Present – and Future events from the Akashic Records when you are reading the tarot cards. Teresa Iaia, Sydney 2006 I have purchased many Tarot reading books over many years. Your book is the first in my collection that has expressed the individual card meaning as they fall into each of The Celtic Cross placements. I have found each of these references in you "Cards Directory" invaluable. I particularly applaud your short, direct description of each card, including reverse meaning. Bonnie Cehovet TE, USA 2007 This book is a gift to the Tarot World. If the reader is willing to step up and access the esoteric side of the art, then whole new worlds will open up to you!
