Teach Baby Swim Skills By 2 Years Old: How To Teach Your Baby To Swim By Age 2

This book teaches you a proven technique to teach your baby how to swim by age two in fun and easy daily steps. WHO figures say that nearly 400,000 fatal or non-fatal drownings occur each year. Most of which are children under age 4. Many of the Non-Fatal drownings resulting in permanent brain death, physical or neurological disorders. Most of which could have been prevented if the child could have just swam to the edge of the pool. When my daughter was 2 years old, she was pushed into the pool by our dog. Luckily I had taught her to swim the summer before. She pushed her tricycle off herself, kicked off her Ugg boots and swam to the side of the pool. All it took was less than a minute for me to go into the house to get the phone. Many parents are not so lucky. I want to share my fun, easy method with you. This book teaches you step by step how to teach your baby to swim in two weeks, by YOURSELF, with no traumatic swim lessons for baby, (and no traumatic swim lesson bills for Mom and Dad). This is a fun EASY experience for the whole family. It's so easy that you'll probably wonder why you never thought of it yourself!. What's a few dollars for a life saving book, compared to your child's life? Don't be the one saying "I wish I had..." You have nothing to loose: I guarantee you'll be completely delighted. If for any reason, you are not happy, all you have to do is ask, and I'll happily give you a complete no questions asked refund! Give the gift of Life-Saving!
