## **The Unbearable Lightness of Being (Chinese Edition)** Milan Kundera

The book is the representative work of Milan Kundera, which contains complicated images with multiple connotations: the revelation of politicized society, the examination of human nature, the presentation of individual fate in a particular historic and political context, and the exploration of the nature of the relationship between men and women. The author ingeniously mixed these elements into an extraordinary novel with both metaphoric philosophical thinking and presentation of the joy, sorrows, departure and reunion of mans life journeys.
