[Back of the Book]

Know anyone who is single? Or are you single? I mean, are you completely single? No matter whether you are engaged, courting, or single looking to mingle, it is important to answer this question honestly and prayerfully. God desires us to be whole, especially before we enter into a serious relationship. One of the reasons why relationships are short-lived—or long and painful—is because we as a society don't seek to enter the relationship completely single. This book shows how Adam was completely single while in a relationship with God before he even knew he needed Eve. Once we seek after singleness wholeheartedly, our relationships will begin to blossom as God intended! This book will help you acknowledge the areas that are causing you not to be single. It will help you accept God's plan for your singleness and apply biblical principles to align your behavior with His plan. Married couples can also benefit from this book: by identifying the boundaries that might have been crossed before and after you said, "I do!" you can get to the root of contention in your marriage. Friends, let's get back to the basics by looking at the biblical principles found in the very first relationship—as we seek to become #CompletelySingle!
