### **From Book 1:**

~Julie Sarff's books are on my short list of indie books to read. Her books are as much about the journey as the destination. Part romantic comedy, part mystery and part farce, they leave me with a smile on my face long after the last book is read. ~ U.S.A. Today Bestselling author Linda Ryn

The Hope Diamond is a delectable mystery with recipes!

Lily Bilbury needs to find the remnants of the French Blue and find them fast. It's been three long years since her Italian husband cheated on her, and she is facing financial ruin. In desperation, she teams up with fellow housemaid, Francesca -- an irascible Italian fashionista and self-proclaimed psychic. Together they search Villa Buschi for some of the most famous gems in the world, the diamonds that were cut away from the French Blue to make the infamous Hope.

But when Lily can't find the diamonds, and nothing seems to go her way, she briefly contemplates running around ranting drivels and frightening the whole reserved population of Arona, Italy.

Follow Lily and several rambunctious rescues kittens on her quest for precious antiques; a journey which may lead to something far better than long lost gems.
