**Choosing to be Insurgent or Allegiant: Symbols, Themes & Analysis of the Divergent Trilogy** Valerie Estelle Frankel

The Divergent series is delighting the world with its epic of Tris and Four struggling through revolutions to create a better world. But there are deeper meanings and symbols beneath the surface. Why is it fitting that teens numbered three and four should remake the world? How many Biblical references appear? Why are ravens and crows such popular symbols? And what themes and images does this series share with The Hunger Games and all the other dystopias, past and present? Today's groundbreaking studies in brain chemistry and psychology tests merge with a frightening future in the recognizable ruins of Chicago. As Tris becomes a warrior woman on the classic heroine's journey, she discovers the deeper truths of the five Factions, and in so doing, the deeper truths of herself. What these truths are, clever fans can discover through close analysis of the trilogy.
