Flying Star Feng Shui for Period 8 Lillian Too

Flying star feng shui for period 8 which started February 4th 2004. This is a great reference book for all the changes we can expect during our current period 8. "Since every period lasts for 20 years, it is very important to ensure that the feng shui of your house is kept up to date so as to improve your health, wealth and happiness" - says Lillian Too. Flying star is the world's most popular method of feng shui used by practitioners to check the feng shui of a property. It is a potent formula that addresses the transformation of Chi energy through the passage of time. The changing flow of chi is expressed as numbers on feng shui natal charts, which change whenever a change in period occurs. This means that the luck of a house can potentially change for either the better or for the worse during the changing of period. This important aspect of the practice of feng shui is the focus of this book. Lillian Too is one of the prominent names in feng shui today and author of over 80 books that have been translated into more than 30 languages with millions of copies sold. Her books are written in a way that is understandable to all readers Ä± and that is exactly her intention. She writes, Ä®Everything is simplified so advanced Chinese astrology and feng shui is accessible to everyone, even those with no previous experience with these Chinese cultural practices.Ä®
