GROL+RADAR book & software

Gordon West, WB6NOA

GROL+RADAR book & software Gordon West, WB6NOA
GROL+RADAR book and software package contains the study manual for the new 2009 FCC Commercial
Radio Operator / Maintainer License examinations that are mandatory for exams on and after 12/26/2009,
along with study software that allows the student to take practice examinations on their PC. A new feature of
the software includes the answer explanations from the GROL+RADAR book. If the student answers the
question wrong on the software, the correct answer appears along with the Gordon West explanation to
reinforce learning. Software is for Windows 98 and higher, including VISTA. GROL+RADAR study manual
covers Element 1, Marine Radio Operator Permit (MROP); Element 3, General Radio Telephone Operator
License (GROL); and Element 8, Ship RADAR Endorsement. The book is fully illustrated and contains the
exact questions and answer choices from the official FCC question pools. Author Gordon West provides an
educational answer explanation for each question, telling the reader which answer is correct and discussing
why it is correct. GROL+RADAR also is available without the software. See ISBN 9780945053606 for the
book only.

From reader reviews:

Tammi Kendrick:

Now a day individuals who Living in the era just where everything reachable by interact with the internet and the resources within it can be true or not need people to be aware of each info they get. How people have to be smart in getting any information nowadays? Of course the solution is reading a book. Examining a book can help persons out of this uncertainty Information specially this GROL+RADAR book & software book because book offers you rich info and knowledge. Of course the knowledge in this book hundred pct guarantees there is no doubt in it you probably know this.

Stephan Stephens:

The book GROL+RADAR book & software will bring that you the new experience of reading a new book. The author style to clarify the idea is very unique. When you try to find new book to see, this book very suitable to you. The book GROL+RADAR book & software is much recommended to you you just read. You can also get the e-book through the official web site, so you can quicker to read the book.

Sharon Broome:

Spent a free time and energy to be fun activity to do! A lot of people spent their sparetime with their family, or their very own friends. Usually they doing activity like watching television, gonna beach, or picnic inside the park. They actually doing ditto every week. Do you feel it? Do you wish to something different to fill your own free time/ holiday? Could possibly be reading a book is usually option to fill your no cost time/ holiday. The first thing you will ask may be what kinds of guide that you should read. If you want to consider look for book, may be the guide untitled GROL+RADAR book & software can be excellent book to read. May be it may be best activity to you.

Colleen Greenwood:

Precisely why? Because this GROL+RADAR book & software is an unordinary book that the inside of the reserve waiting for you to snap it but latter it will jolt you with the secret the idea inside. Reading this book close to it was fantastic author who write the book in such amazing way makes the content inside easier to understand, entertaining method but still convey the meaning entirely. So , it is good for you for not hesitating having this any more or you going to regret it. This unique book will give you a lot of gains than the other book get such as help improving your proficiency and your critical thinking means. So , still want to hold up having that book? If I ended up you I will go to the e-book store hurriedly.
