The Human Anomaly

Tashi Alexander Javed

The Human Anomaly Tashi Alexander Javed

Several millennia ago, a revolutionary phenomenon occurred. A mysterious species arose out of nowhere with intelligence unlike any other species seen before. This new species would control the Earth with unprecedented power, but would retain little to no understanding of itself, its purpose and its relation to the grand scheme of the universe. It replaced these questions with myths, stories, and beliefs while remaining blissfully ignorant of its own potential. This dissonance would be the cause of ongoing disputes, conflicts, wars and false divisions, all stemming from the fact that our very origins are unknown. This work explores our collective history, belief systems, religions and scientific theories to shed light on this strange territory known as the human condition.

From reader reviews:

Mark Feaster:

In other case, little men and women like to read book The Human Anomaly. You can choose the best book if you'd prefer reading a book. As long as we know about how is important some sort of book The Human Anomaly. You can add know-how and of course you can around the world by the book. Absolutely right, simply because from book you can understand everything! From your country till foreign or abroad you will end up known. About simple thing until wonderful thing you are able to know that. In this era, we can open a book as well as searching by internet unit. It is called e-book. You can utilize it when you feel weary to go to the library. Let's examine.

Charles Jones:

What do you regarding book? It is not important together with you? Or just adding material when you want something to explain what the ones you have problem? How about your spare time? Or are you busy man or woman? If you don't have spare time to accomplish others business, it is give you a sense of feeling bored faster. And you have free time? What did you do? Everybody has many questions above. They must answer that question due to the fact just their can do this. It said that about guide. Book is familiar in each person. Yes, it is right. Because start from on jardín de infancia until university need this The Human Anomaly to read.

Evelina Soria:

People live in this new time of lifestyle always try and and must have the free time or they will get lots of stress from both lifestyle and work. So , if we ask do people have free time, we will say absolutely of course. People is human not only a robot. Then we inquire again, what kind of activity do you have when the spare time coming to an individual of course your answer can unlimited right. Then do you try this one, reading textbooks. It can be your alternative with spending your spare time, the book you have read will be The Human Anomaly.

Thomas Palmer:

Many people spending their period by playing outside with friends, fun activity using family or just watching TV the whole day. You can have new activity to pay your whole day by reading a book. Ugh, ya think reading a book really can hard because you have to use the book everywhere? It fine you can have the e-book, delivering everywhere you want in your Touch screen phone. Like The Human Anomaly which is having the e-book version. So , try out this book? Let's find.
