Karen L. Cox

Dreaming of Dixie: How the South Was Created in American Popular Culture Karen L. Cox

From the late nineteenth century through World War II, popular culture portrayed the American South as a region ensconced in its antebellum past, draped in moonlight and magnolias, and represented by such southern icons as the mammy, the belle, the chivalrous planter, white-columned mansions, and even bolls of cotton. In *Dreaming of Dixie*, Karen Cox shows that the chief purveyors of nostalgia for the Old South were outsiders of the region, playing to consumers' anxiety about modernity by marketing the South as a region still dedicated to America's pastoral traditions. In addition, Cox examines how southerners themselves embraced the imaginary romance of the region's past.
