*Dumbing Down Our Kids* is a searing indictment of America's secondary schools-one that every parent and teacher should read.

*Dumbing Down Our Kids* offers a full-scale investigation of the new educational fad, sometimes called "Outcome Based Education" -the latest in a long series of "reforms" that has eroded our schools.

- Why our kids rank to, or at the bottom of international tests in math and science
- Why "self-esteem" has supplanted grades and genuine achievements
- How the educational establishment lowers standards and quality in our schools-while continuing to raise their budgets and our school taxes
- The dumbing down of the curriculum so everyone can pass-but no one excel
- How parents, students, and teachers can evaluate schools and restore quality learning
