Multiplication and Division: Ages 9-14 (Practice Makes Perfect Series) Gary Robert Muschla, Judith A. Muschla

Helpful instruction and plenty of practice for your child to understand the basics of multiplication and division

Understanding multiplying and dividing is essential for your child to do math problems with confidence. *Practice Makes Perfect: Multiplication and Division* gives your child bite-sized explanations of the subjects, with engaging exercises that keep her or him motivated and excited to learn. They can practice the problems they find challenging, polish skills they've mastered, and stretch themselves to explore skills they have not yet attempted. This book features exercises that increase in difficulty as your child proceeds through it.

This book is appropriate for a 4th grade student working above his or her grade level, or as a great review and practice for a struggling 5th or 6th grader.
