The Rothschilds: A Family Portrait

Frederic Morton

The Rothschilds: A Family Portrait Frederic Morton

A history of the world's richest family which is at times nauseatingly sycophantic. Frederic Morton (real name Fritz Mandelbaum) was given permission to scour the family archives and write a family history. That there were certain conditions imposed upon this access is obvious from the text; the book could well have been called "My heroes the Rothschilds"! Review By SmokeNMirrors Leaving the sycophancy aside, this is a compelling story, all the more so given modern "conspiracy theories" about the Rothschild family owning most of the world's wealth. Morton spells out from family archives how Nathan crashed the London Stock Exchange (although it is not made clear whether or not this was by chance or design) in 1815. And Morton is coy in his treatment of the aftermath of this event: "We cannot guess the number of hopes and savings wiped out by this engineered panic. We cannot estimate how many livened servants, how many Watteaus and Rembrandts, how many thoroughbreds in his descendants' stables, the man by the pillar won that single day."
