Edward Bellamy

Looking Backward: 2000 to 1887 (Wisehouse Classics Edition) Edward Bellamy

LOOKING BACKWARD: 2000-1887 is a utopian science fiction novel by Edward Bellamy, a journalist and writer from Chicopee Falls, Massachusetts; it was first published in 1888. It was the third-largest bestseller of its time. It influenced a large number of intellectuals. Erich Fromm writes "It is one of the few books ever published that created almost immediately on its appearance a political mass movement."

Bellamy's novel tells the story of a hero figure named Julian West, a young American who, towards the end of the 19th century, falls into a deep, hypnosis-induced sleep and wakes up one hundred and thirteen years later. He finds himself in the same location (Boston, Massachusetts), but in a totally changed world: It is the year 2000 and, while he was sleeping, the United States has been transformed into a socialist utopia. The remainder of the book outlines Bellamy's thoughts about improving the future. The major themes include problems associated with capitalism, a proposed socialist solution of a nationalization of all industry, the use of an "industrial army" to organize production and distribution, as well as how to ensure free cultural production under such conditions.

In the United States alone, over 162 "Bellamy Clubs" sprang up to discuss and propagate the book's ideas. Owing to its commitment to the nationalization of private property and the desire to avoid use of the odious term "Socialism," this political movement came to be known as "Nationalism" -not to be confused with the political concept of nationalism. The novel also inspired several utopian communities. (more on www.wisehouse-classics.com)

Lillian Burbank:

Many people spending their time by playing outside using friends, fun activity together with family or just watching TV 24 hours a day. You can have new activity to pay your whole day by looking at a book. Ugh, do you consider reading a book can really hard because you have to use the book everywhere? It fine you can have the e-book, delivering everywhere you want in your Touch screen phone. Like Looking Backward: 2000 to 1887 (Wisehouse Classics Edition) which is having the e-book version. So , why not try out this book? Let's notice.

Margaret Pace:

As a student exactly feel bored to reading. If their teacher asked them to go to the library in order to make summary for some reserve, they are complained. Just very little students that has reading's soul or real their pastime. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading significantly. Any students feel that examining is not important, boring and also can't see colorful photos on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this Looking Backward: 2000 to 1887 (Wisehouse Classics Edition) can make you really feel more interested to read.
