**Organ and Harpsichord Music by Women Composers: An Annotated Catalog (Music Reference Collection)** Adel Heinrich

This reference work catalogs music for organ and harpsichord written by more than 700 women composers from 40 countries. Compiler Adel Heinrich has expanded the organ and harpsichord repertoire to include choir and instruments accompanying organ and harpsichord. She provides more detailed information about each work than can be found in any other reference book on women composers. In addition to biographies for each woman, Heinrich supplies listings of individual compositions, and includes descriptions and sources whenever possible.

Each composition is listed in both the Instrumentation Index and the Title Index. Publishers, library sources, and recording companies with their addresses are also provided. There is also a chronological listing of composers by country. Two appendices list a large number of women who have either written music for organ and harpsichord with no specific titles known, or have performed on one or both instruments. This reference book is a valuable resource for organists, harpsichordists, teachers, choral and instrumental conductors, and planners of festivals and recitals.
