***Some wolves were never meant for a mate...***

Dr. Jason Ayers unleashes all of his rage and his frustration through fists and brute force in an underground boxing ring. The werewolf may be the pack's doctor, but he can't even heal his coma-stricken father after the Nero Organization's attack stopped his heart. And as his Pack brothers settle down around him, he still refuses to believe in the fairy tale notion that every wolf has a true mate...

In hiding and on the run, nurse Kilani Akamu is a loose end that Nero is desperate to tie up. She can't afford to be attracted to a doctor-especially one as unexpectedly hot and complex as Jason. Yet the sexual sparks arcing between them are undeniable...and Kilani's precognitive senses warn her that temptation is inevitable.

All it takes is one touch to send Jason's wolf howling. But even if he could protect her from Nero, he can't protect her from himself...
