Completely revised and updated.

SILENT provides you with the guidance and insights you need to be able to identify the "potholes in the road" that impede you from consciously creating everything you deserve or desire. With this knowledge, you can let go of the lessons you learned in the past that conditioned your mind and now limit you and cause you to regress, time and time again, to the same old patterns of behavior - patterns of behavior, which have kept you from finding complete peace, joy, and abundance in your life. This is a journey that requires courage, but by engaging in this journey, you will achieve instant results. Through applying simple, yet highly effective steps, you will take back control of your reality immediately--and experience not superficial, but real change. You have a choice - don't wait, become aware, save what you have, value what is truly important--your innermost desires--and create the life you deserve.

A series of small, easy-to-read books, **the Thoughtless Series books** are meant to be catalysts for creating a new and, ultimately, transformative, experience through which readers can release themselves from the limitations that are currently holding them back in all areas of their lives.

Praise for SILENT: The Power of Silence:

"SILENT offers each reader a guided journey on a healing path to his or her authentic self. It is the candle that will enable you to illuminate your inner light, and in the darkness help you learn how to reflect on and hear your truth so that you can ultimately live it. It is empowering, challenging, and inspiring to anyone seeking personal growth."

~ **Dr. Jane Greer, Psychotherapist, Author of What About Me? Stop Selfishness From Ruining Your Relationship**

"Gregory Malouf has the courage to share his darkest moments both at the hands of others and his own choices. He shares what I call an 'inside out' story where someone takes an experience they would have never chosen to happen to them, and turns it inside out, transforming his world and the world around him for the better. Gregory lays out so well what I believe to be our only personal power - that each of us has the power to choose to be the kind of person we want to be."

~ **Daryn Kagan, Host, The Daryn Kagan Show, Author and Creator, DARYNKAGAN.COM**

"I really appreciated SILENT. Being in broadcasting, silence is the opposite of what we're looking for, but Greg's insight into silence is a fascinating power that we overlook and take for granted every single day. In its simplicity, we can all instill Greg's silent philosophies every single day. Simple, yes. Easy, no. Is it worth it? Absolutely."

~ **Angel Tuccy, co-host of Experience Pros radio show**
